connect.muhammadabubakar@gmail.com | Portfolio: <https://github.com/connect-muhammad-abubakar>

## Profile Summary

A passionate Full Stack Developer with 3 years of hands-on experience creating responsive, high-performance websites. Expert in building both front-end and back-end systems using HTML, CSS, JavaScript, PHP, and MySQL. Skilled in designing user-friendly interfaces, optimizing performance, and implementing SEO strategies to enhance online visibility.

## Technical Skills

- HTML5, CSS3, JavaScript (Vanilla JS)
- PHP, MySQLi, Git & GitHub
- SEO Optimization, Google Ads, Social Media Marketing
- Responsive Web Design, Front-end Animation

## Education

Bachelor of Science in Robotics and Intelligent Systems — University of Engineering and Technology Lahore (2025 – Ongoing)

## Highlighted Projects

- Modern Responsive Portfolio Website — A personal portfolio showcasing front-end design and development with dark/light theme and smooth animations.
- Interactive School Management Website — Multi-page school portal with events, galleries, and student/teacher login (PHP + MySQL).
- Government Technical Institute Information Portal — Professional website featuring course listings, faculty info, and admin dashboard.
- Little Sprouts — Daycare Management System — Dynamic daycare portal with student and staff management, attendance, and form submissions.

## Professional Experience

Currently focusing on personal projects and freelance development. No formal job experience yet.
